What is the process for disciplining students?

The authority to suspend, to propose an extended suspension or expulsion is delegated to the principal or designee by the Board of Education in Policy 5113 and laws of the State of Kansas. When a pupil receives a short-term suspension, the pupil must be given notice of the charges verbally and in writing and provided with an informal hearing.

The hearing includes the rights of the pupil:

- to be present at the hearing;
- to be informed of the charges;
- to be informed of the basis for the accusation; and
- to make statements in defense of the charges.

Pupils proposed to be suspended for an extended term or to be expelled shall be given written notice of a formal hearing; provided procedural due process rights and provided an appeal process as listed in Policy 5113. When considering possible courses of action for disabled pupils in regard to alleged violations of school rules, policies and regulations, procedural due process rights are guaranteed under the Individuals with Disabilities Education Act (IDEA), applicable Kansas statutes and regulations.
