

Site Council Assessment

As part of a conversation with Site Council Leadership (President and/or your principal), discuss the following questions relating to Site Council. These questions can assist in discussing and evaluating the current Site Council in order to determine its effectiveness and plan next steps.

1. Does your school have an active Site Council?
If yes, continue with the following questions. If no, discuss what steps are being taken to build Site Council at the school?
2. Does your Site Council reflect your diverse parent/student population?
Are interpreters used?
3. Does your Site Council consist of community members? If so, list them.
4. Is your Site Council involved in making recommendations that relate to student achievement?
5. Is your Site Council involved in making recommendations that relate to family engagement?
6. Does your Site Council operate as a part of PTA/PTO or does it operate as a separate entity?
