

# TOP FIVE STRATEGIES FOR SUCCESS

## Family Engagement TEAM

### Manage the Action Plan, Compact, and Policy

These documents are aligned with the School Improvement Plan and should be dynamic, visited frequently and updated as needed.

### Use and Share the Planning Tools and Resources

All resources are available on [www.familyengagement.weebly.com](http://www.familyengagement.weebly.com).

### Link Family Engagement to Learning

Make your family activities and strategies more impactful by ensuring they are linked to learning. Activities should be planned to empower families to better help their child succeed at school.

### Measure Your Work and Progress with Meaningful Data

Planning should be organized, deliberate, and produce measurable goals when it comes to engaging families and community. Ask the right questions and identify relevant information to guide planning.

### Involve Others

Teams must share the information with all stakeholders in order to build capacity.
